

RESOLVED

That the Woodland and Open Space Policy be implemented.

263/04 **Dog Warden Service Level Agreement update (Minute 63/04)**

Members noted the current situation with the Dog Warden Service Level Agreement.

264/04 **Ewart Recreation Ground – Removal of hut update (Minute 518/03)**

Members noted that the hut has been removed from Ewart Recreation Ground by Hythe and Dibden Football Club.

It was also noted that work has begun on the footpaths to make them compliant with DDA requirements and the new bin has been provided as requested.

265/04 **Flagpoles update (Minute 196/04)**

The Chairman advised Members that although he had been authorised to make a decision on the final position of the flagpoles outside The Grove, as none of the possibilities discussed were possible due to the siting of utilities and the new crossing, he felt it best to bring the matter back to Committee for discussion.

RESOLVED

That the flagpoles be placed to the far end of The Grove adjacent to AJC Vehicle Repairers.

266/04 **NOISE Project 2005**

The Chairman of the Council advised Members of a letter he had received from the NOISE Project enquiring whether there are any areas of the Parish which need working on to make a difference to the community (litter picking, clearing rights of way etc) so that the young people of the local churches can use the May Bank Holiday Weekend 2005 to carry out such work.

It was agreed to investigate the matter further and bring back to the next meeting.

The Meeting closed at 8.35 pm.
